STANDARD PACKAGES

Listed below are the "Standard" packages for each of the Tactical Blanket Systems™. The packages, as listed, will provide you with everything you need to get the most versatile use out of your Tactical Blanket System™.

1st Responder Tactical Blanket System - NIJ Level IIIA

The "Standard" 1st Responder™ package includes:

- 1 - (8P-TAC) 8-panel, Level IIIA, Tactical Blanket
- 3 - (SCS) Suction Cup Straps (included w/ 8P-TAC above)
- 1 - (SC-STD) Softcase
- 2 - (EP-26) 4-piece pole sets
- 2 - (LS-01) Loop Straps
- 2 - (HS-01) Hook Straps
- 1 - (HGR-01) Rope Hangers - (set of 3)
- 1 - (HGR-N) Nail Hangers - (set of 3)
- 1 - (PP-01) Pole Pockets (set of 2)

TACIII+ Tactical Blanket System - NIJ Level III

The "Standard" TACIII+™ package includes:

- 5 - (TAC-03) TACIII+ Tactical Blanket panels
- 1 - (HC-TAC3) Hardcase
- 2 - (EP-48) 2-piece pole sets
- 5 - (SCS) Suction Cup Straps
- 3 - (LS-01) Loop Straps
- 3 - (HS-01) Hook Straps
- 1 - (PP-01) Pole Pockets (set of 2)

These package lists are the complete systems for each threat level. You may, of course, mix and match as you see your specific needs.

Special Needs

Additionally, we have the ability to fabricate custom straps, hooks, etc., to meet a specific deployment. For instance, we fabricated special 6' long Loop Straps to allow a fully assembled **TACIII+™** set up to be hung on the side of a very large A.P.C..

In another instance, we fabricated special Hook Straps that would allow multiple **1st Responder™** panels to be hung horizontally in the rear of a Suburban. This particular vehicle is used as the "cut-off" unit in vehicular take-downs. This special application provides needed protection for the driver who, as planned, puts himself in a position with his back to a potentially armed suspect.

Likewise, we can accommodate your special needs.
